

Time Traveller

Time stops for no man – not even us!

This half term, we'll meet people from different generations to find out what life was like in the past and we'll predict how things might change in the future. Using real portraits from the past for inspiration, we'll write character descriptions about the people in them. We'll create a timeline of our lives and watch a time-lapse of human development.

Art

In art we will be looking at famous portraits and practising our observational skills as we draw our own self portraits.

Geography

In geography we will be thinking about our local community and how it has changed over the years. We will also look at how the age of the population has altered.

History

Our history will focus on how society has changed over time and how everyday life now is different to our grandparents'.

Computing

We will be using our computing time to research life in the past and also look at population around the world. We will use data logging programmes too.

PSHE

In PSHE we will be thinking about Britain's role around the world. We will also be looking at how our bodies change as we get older and thinking about setting ourselves goals for the future.

Music

Y6 will be continuing their drumming
Y4/5 will be learning some Hip Hop!

PE

JB Sports—Boxercise
Tennis

RE - Islam - 'How do Muslims show they belong?'

Science

The focus for our science will be looking at the human body and how it changes as we grow older. We will also be doing some investigations into reaction time.
