Executive Headteacher: Ms B Dhami BSc (Hons)

20 April 2022

Dear Parents & Carers

COVID-19 Update

We hope that you had a lovely Easter break and are looking forward to the summer term.

We just wanted to update you that there have been changes made to the measures and guidance on managing COVID-19 infections in schools.

The following outlines what parents, carers and families need to know in respect of children becoming unwell:

- children and young people who are unwell and have a high temperature should stay at home and avoid contact with other people. They can go back to school, college or childcare when they no longer have a high temperature, and they are well enough to attend.
- children and young people aged 18 and under, with a positive COVID-19 test result should try to stay at home and avoid contact with other people for 3 days, which is when they are most infectious.

As a result of the changes, our risk assessment has been updated and is available on our website and our previous contingency plan no longer applies. We will continue to follow the advice and guidance issued by the Department for Education and the UK Health Security Agency.

Yours sincerely

Becky Dhami
Executive Headteacher
